THE above cut represents this CELEBRATED PUMP placed in a nouse, and so arranged that water can be drawn from the well or cistern as may be required. By this arrangement you are enabled to pump a sufficient quantity of water for Stock, Bathing or other purposes, without going out of doors. By attaching a piece of Hose, this Pump can be used as a Fire Engine, in case of fire. This Puxe is better adapted, more simple and durable, than any article of the kind now in use or known in the United

The most extraordinary discovery in the World is the Gr at Arabian Remedy for man and Bosst.

H. G. FARRELL'S CELEBRATED ARABIANLINIMENT IT IS AN ERRONEOUS IDEA that diseases cannot be

cured except by taking large quantities of medicines into the stomach, in a great many cases of which much injury is done, although the disease in point be actually cured. The coats of the stomach by continued use of nauseating mixture, frequently become so much disordered that the diseaseive function is seriously injured-the result of which is dvspepsia, nervousness, cholies, alternate diarrhea and costiveness, flatulence, nightmare, etc., etc. Would it not, therefore, be very desirable to possess a remedy, which being applied externally would excite the absorbents to increased action, and thus carry off through this medium, the deleterious principle, which is the direct cause of the disease? Surely every thinking man will admit that this would not only he the most pleasant, but by far the safest means to effect; the desired end. The almost superhuman cures performed by the Arabian physicians in the days of old were mainly effected by this course of treatment, and the ingre dients of which H. G. FARRELL'S CELEBRATED ARA-BIAN LINIMENT is composed, are extracted from rare plants peculiar to Arabia, This great Liniment (which is now to be had of most respectable druggists and merchants in every town in the United States) is daily affecting cures which seemed beyond the power of medicine to control—consumption, bronchitts, and liver complaints in their first stages, nervous affections, indigestion, enlargement of the ceived, direct from the Manufactories, and offer them at the spleen, scrofulous tumors, goitre, etc., etc., are frequently cured, and always relieved by its use. It is unsurpassed as anodyne—relieving severe pains in a few minutes after its application, it soothes the irritated nerves, and produces that delightful tranquility so grateful to the nervous invalid.

Look out for Counterfeits1. The public are cantioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects. The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and whole sale druggist, No.

RAILROAD CONTRACTORS. THE MOBILE AND OHIO RAILROAD COMPANY, hereby offer for Contract the Graduation, Masonry AND BRIDGING of 67 miles more of their road in North Mississippi, extending from the North line of Chickasaw County Tennessee State line, and passing through Itawam-

ba and Tishamingo counties.

Also, 118½ miles more of said road in the Western District of Tennessee, and passing through McNairy, Henderson, Mudison, Gibson and Obion counties.

The Line will be ready for inspection in Tennessee, on and after the 1st of March, and in Mississippi on and after

35th March next. Plans, profiles and specifications will be exhibited, pro-posals received under seal, and contracts made at the following times and places to wit:

March 16th to 19th inclusive, at Trenton, for line through Objon and Gibson counties.

March 20th to 30th, inclusive, at Jackson, for line through

Madison, Henderson and McNairy counties,
April 5th to 15th inclusive, at Carrolville, Tishamingo county, Miss., for line through Itawamba and Tishamingo Profiles can be seen, and other information obtained, as

After 1st of March, at Trenton, of Dr. Hess, Agent. At Jackson, of Mr. Stevens, Engineer.

And after 25th of March, at Carrolville, of the Resident

Some portions of the 1851/2 miles now offered for contracts, are heavy cuttings and fillings, and the whole line very de-sirable work; the light gradings being mostly from side bor-rowing: the line occupies the high, relling and healthy coun-try intermediate between the Mississippi and Tennessee Rivers, by both of which rivers easy access can be had to all points of the work, by an average land travel of 12 to 40 miles. Within a short time after this letting, 39 miles more and the last of the main road will be ready for contract, together with about 100 miles of branch roads. The attention of Contractors is invited to the work, above described, as most advantageous for their profitable employ-ment, in consequence of the alluvial character of the country, low price of provisions and animals, and a very temerate and

salubrious climate.
